

War and Peace (Usborne Young Reading) - Based on the novel by Leo Tolstoy

REVIEWER: Hasan aged 10

This is the story of the Kuragin family who marry rich people to reduce their bills. At the same time there is war going on between the French and the Russian. There are many interesting characters in this book; Helena Kuragin is a heartbreaker but I did not like Vasili Kuragin as he was vain.

I was happy to read this book but would not recommend it to friend. It was not an interesting read for me though I did like the part when there was a war going on due to the fact that it was scary.
